

Wonders Reading offers a comprehensive language arts program that teaches the necessary skills students need to become successful readers. Each grade focuses on essential literacy skills.

Pre-Kindergarten

In Pre-K literacy begins with a strong foundation. Wonders provides the explicit and systematic instruction needed to:

- Develop Essential Phonics Skills
- Create Phonological Awareness
- Create Phonemic Awareness
- Build confidence with high-frequency words
- Increase Vocabulary
- Develop Concepts of Print

Each grade contains digital and print resources students and teachers can use to create and improve literacy skills.

- Award Winning Literature Anthology
- Letter Sound and Spelling Cards
- High Frequency Word Cards
- Literature Big Books
- Reading/Writing Workshop Books
- Photo Cards
- Visual Vocabulary Cards
- Teaching Posters
- Leveled Readers
- Your Turn Reading/Writing Workbooks
- Story Retelling Cards
- Classroom Library Tradebooks
- Leveled Workstation Activity Cards
- Interactive Read-Aloud Cards
- Response Boards
- Weekly, Unit, and Bench Mark Assessments

EnVision math helps students develop deep conceptual understanding through problem-based instruction, visual learning, small group work, and personalization. Independent research validates the program's effectiveness in raising student achievement. It is a comprehensive math program that offers the flexibility of print, digital, or blended instruction at all grade levels. Each grade studies key mathematical concepts that are grouped in clusters.

Pre-Kindergarten Clusters

Counting and Cardinality

Know number names and the count sequence. Count to tell the number of objects.
Compare Numbers

Measurement and Data

Classify objects and count the number of objects in each category.

Operations and Algebraic Thinking

Understand addition as putting together and adding to, and understand subtraction as taking apart and taking from.

Number and Operations in Base Ten

Work with numbers 11-19 to gain foundation for place value.

Geometry

Identify and describe two and three dimensional shapes
Analyze, compare, create, and compose shapes.

Measurement and Data

Describe and compare measurable attributes.

A tray with strawberries. How many strawberries are there?

The image shows a cartoon girl with two braids, wearing a purple dress and holding a basket of yellow flowers. To her right is a green tray containing a white rectangular area with a blue border. Inside this area, there are 10 red strawberries arranged in two vertical columns of five. Below the illustration is a video player interface with a progress bar and a timestamp of 00:12 / 02:22.

**FULL OPTION
SCIENCE SYSTEM™**

F.O.S.S.

The Full Option Science System creates students who are proficient in scientific discovery through rigorous, interactive, and collaborative science program created to meet diverse student needs. The F.O.S.S. mission is to help all students investigate scientifically to construct and acquire conceptual understanding of their world, develop positive scientific attitudes, and become scientifically literate.

Each FOSS investigation follows a similar design to provide multiple exposures to science concepts. The design includes these pedagogies.

- Active investigation, including outdoor experiences
- Recording in science notebooks to answer focus questions
- Reading in *FOSS Science Resources*
- Assessment to monitor progress and motivate student reflection on learning

Pre-Kindergarten F.O.S.S Units

Physical Science - Materials and Motion

The **Materials and Motion Module** provides experiences that heighten students' awareness, curiosity, and understanding of the physical world as they observe and compare the properties of various wood, paper, and fabric by performing a number of tests and interactions. Students explore the concept of force and motion by observing and comparing a variety of pushes and pulls, the speed and motion of moving objects, and collisions.

Earth Science - Trees and Water

The **Trees and Weather Module** provides systematic investigations of trees and leaves over the seasons to bring students to a better understanding of trees' place at school and in the community. Students observe day-to-day changes in weather over the year, as well as the impact weather has on living things.

Life Science - Animals Two by Two

The **Animals Two by Two Module** provides young students with close and personal interaction with some common land and water animals. Students observe differences in structure and behavior and learn about basic needs of animals.

Scholastic News Edition brings grade-appropriate, curriculum-connected nonfiction print and digital magazines into the classroom. Scholastic increases science and social studies knowledge with engaging informational texts, complete lesson plans, and online resources like videos. Scholastic also focuses on vocabulary, building content knowledge, and reading skills. Each month we will focus on the topics below.

September

School Rules & Manners
Feelings
How to Be a Friend & Bucket Filler
Apples

October

Pumpkins
Autumn
Fire Fighters
Spiders

November/December

Veterans Day
Thanksgiving
Hibernation
Winter Holidays

January

Snow and Ice
Dr. King
Penguins
Polar Animals

February

Dental Health
Groundhog Day
Presidents' Day
Valentine's Day

March

Read Across America
Habitats
Weather
Nutrition

April

Earth Day
Plants & Spring
Butterflies
Baby Animals

May/June

Summer Safety
Five Senses
Insects
Community Helpers

Second Step

Social- Emotional Learning

Second Step is research-based, teacher-informed, and classroom-tested to promote the social-emotional development, safety, self- regulation, and well-being of children.

UNIT 1

Skills for Learning

- Welcoming
- Listening
- Focusing Attention
- Self-Talk
- Following Directions
- Asking for What You Need or Want

UNIT 2

Empathy

- Identifying Feelings
- More Feelings
- Identifying Anger
- Same or Different Feelings
- Accidents
- Caring and Helping

UNIT 3

Emotional Management

- We Feel Feelings in Our Bodies (worried)
- Strong Feelings (frustrated)
- Naming Feelings
- Managing Disappointment
- Managing Anger
- Managing Waiting

UNIT 4

Friendship Skills and Problem Solving

- Fair Ways to Play
- Having Fun with Friends
- Inviting to Play
- Joining in with Play
- Saying the Problem
- Thinking of Solutions
- Speaking Up

UNIT 5

Transitioning to Kindergarten

- Learning in Kindergarten
- Riding the Bus
- Making New Friends
