Dear Parents,

Hello! My name is Chloe Ward. I am a State Certified teacher at Snoqualmie Springs School and I want to express my excitement about working with your child during the new school year. This will be my fifth year teaching at SnoSprings. I graduated with a degree in Elementary Education and Communications from Seattle Pacific University. This summer I received my Masters in Curriculum and Instruction. My experience is with grades Pre-K through 5th grade.

For five years I served as the Elementary and Preschool Intern at First Free Methodist Church. I oversaw all other interns and volunteers, created lessons plans and learning activities for the preschool and elementary grades. I taught the kindergarten and first grade class. On a trip to France and Belgium I contributed and administered teacher training for Rwandan and Haitian immigrants. During my teaching experience abroad I learned that children all over world need the same thing; a teacher with a kind heart, a warm smile, and a passion for teaching.

While pursuing my degree in education I was a 5th grade student teacher at White Center Heights Elementary in Seattle. The class was multicultural and diverse in abilities; many of the students in my class were English Language Learners. At White Center I led a mathematics intervention program and tutored students in math twice a week after school.

Previously I worked in a fifth grade gifted classroom at Lafayette Elementary, West Seattle. From 2008-2009 I facilitated reading groups in a third grade class at Frantz Coe Elementary in Queen Anne.

My goal as a teacher is to encourage your child's learning potential through hands-on exploration and meaningful learning experiences. I am looking forward to providing your child with a challenging, yet fun educational experience in my classroom.

Please don't hesitate to contact me if you have any questions. I hope to see you soon.

Sincerely,

Chloe Ward
