Dear Parents and Families,

My name is Becky Nguyen and I am excited for the opportunity to be your child's Kindergarten teacher this year! Ever since coming to SnoSprings in 2019, I have had the privilege of working with outstanding staff and I've established meaningful relationships with students and their families. I love seeing young children develop their potential here as they grow socially and academically throughout the school year.

I received my Bachelor's Degree in Elementary Education with a Fine Arts concentration from Seattle Pacific University. I have always wanted to be a teacher from a very young age, so I have volunteer experience working with kids of all ages in different settings including after-school programs, private music lessons, tutoring, and nannying. The experiences were rewarding and insightful, as working with children has always brought me joy and taught me more about my surrounding community.

As a teacher, I strive to educate according to the needs of each individual student. I focus holistically on a student's social, emotional, and academic growth. I also believe that each student may learn in a different way, so I try to be creative and flexible in what I do. I hope to connect with my students on a deeper level in order to better support them at school, and I hope to partner with parents to support them at home.

During my free time, I love to explore new places and enjoy the outdoors with my husband. We are also raising two furry bunnies together. Ever since moving to Seattle in 2012 from the East Coast, I have grown to love the PNW and the beautiful scenery it has to offer.

Please feel free to contact me at any time if you have any questions or concerns. I look forward to a wonderful year together!

Best,

Becky Nguyen
