Dear Families,

Welcome to Kindergarten/First Grade! My name is Val Griffin, and I am thrilled to be at Snosprings teaching full time this year. I have thoroughly enjoyed the past four years serving as the librarian and am excited to return to the classroom.

I grew up in the Issaquah School District and received my Bachelor of Arts degree from Washington State University (Go Cougs!). I went on to receive my Master's in Teaching degree from City University. Following my schooling, I taught 1st and 2nd grades at Sunny Hills Elementary for 5 years. During these past four years, I have been home raising my two children. I am excited to continue to work in my community by being a larger part of SnoSprings!

Some interesting facts about me: I'm half Chilean and grew up in a bilingual home. I also have a minor in Spanish and enjoy incorporating the language in my teaching. I love to travel, work out, party plan and bake!

It is my goal to encourage and challenge students to their highest potential. It is essential to provide students the tools to build independence and responsibility for their learning, all while feeling confident and successful. It is my intent to create a kind, supportive and safe environment for students to learn and gain the social/emotional skills that will provide them a strong platform for their future experiences.

My door is always open. Feel free to contact me anytime. I am looking forward to a fun filled year!

Sincerely,

Val Griffin
